Dear _____:

I am a Wisconsin voter who strongly opposes the so-called “right-to-work (for LESS)” proposals under consideration by the Legislature. These proposals have nothing to do with job creation. They simply make workers more vulnerable to CEOs who want to cut their wages by weakening unions. What they have done in the states where they’ve been enacted is:

- *Lower average wages by more than \$5,000 a year.*
- *Raise the number of people living in poverty by 15 percent*
- *Increase the rate of workplace deaths by 51 percent.*

I look forward to hearing from you.

Sincerely,
