Driver at BP in Colton Talks About Teamster Difference

“ My name is Chris Comerzan, and I've been a driver at BP in Colton since 2005. I've also worked at Teamster-represented Mobil. I also have worked non-union jobs, which were miserable. Being a Teamster means fairness on the job. Everyone is treated equally and with respect. As a Teamster, I've always had a contract that provides me with excellent wages and good benefits. With a Teamster contract, I haven't had to worry about getting my wages cut. I've been able to buy a home and send my daughter to college. I've heard some non-union drivers say they don't believe the Teamsters do

anything for workers. That's not true. Also, once you form your union, you need to get involved in your union. It's your union you are trying to form. I think we owe it to our union brothers and sisters from the past to help KAG workers form their union. Let's lend a hand out to our future union brothers and sisters, help them and their families. Let's remind our future union brothers and sisters of KAG that management intimidation and scare tactics are against federal law. I wish all the KAG West drivers luck in your campaign to form a union with the Teamsters. You are professionals, and you deserve to be treated like professionals. As Teamsters, you will get the respect you deserve. ”
