

MAJORITY AT JFK SAY... IT'S TIME FOR TEAMSTER POWER!

We have hit majority support for Teamster representation here at JFK! We are proud to join our brothers and sisters at other AA maintenance stations in Tulsa, AFW, Los Angeles and Miami who have also reached a majority of Teamster cards signed.

We are getting very close to winning powerful Teamster representation at AA! In these tough times, we need a tough union with proven leadership in the airline industry. The Teamsters are that union. If you have already signed a card, we say thank you and we hope you will consider getting involved in the campaign. If you have not signed a Teamster card yet, we urge you to do so as soon as possible!

We will soon have a majority of cards throughout the system and we'll be ready to petition the National Mediation Board to schedule our election.

For more information about our exciting campaign, please contact Pete Chrisos at (202) 528-5796.

In Solidarity,

AA Mechanics Ready for Change with the Teamsters
