Re: UPS Freight Negotiations Update

Date: July 31, 2013

Please be advised the UPS Freight National Negotiating Committee met today in Arlington, Virginia. The Committee discussed issues and concerns that the members have raised with the Tentative Agreement that was rejected. The Committee also discussed the next steps for continuing negotiations with the Company so that an Agreement can be put out to the membership for another vote.

Further updates will be sent to the Locals when more information is available.

Thank you.
